DOING BUSINESS IN FRANCE

France Trade and Export Guide

<https://www.gov.uk/guidance/exporting-to-france>

Updated 18 November 2016

RETAIL

France has a very powerful retailing sector. It is organised around the central buying offices of the main retail chains such as Leclerc, Carrefour, Casino, Intermarché and Auchan, Le Bon Marché, Printemps, Galeries Lafayette etc. in the fashion and interiors sectors.

In our sectors of the creative industries, the opportunities for UK companies include:

- Fashion and fashion accessories
- Giftware, including cosmetics
- Design- and craft-led high end novelty and niche products for interiors
- Jewellery
- Children's gifts

The design and crafts sector is an area of considerable opportunity in France including commissions (both contract and residential) and design consultancy services (manufacturers).

Companies interested in a more general analysis of the French market for imports from the UK should read:

IMPORT LEGISLATION

(Awaiting Brexit changes)

At the moment the market is open and – as a EU market - similar to the UK in terms of legislation, technology, demand and size.

CONTINUITY

Business relationships with French companies tend to be long-term. UK companies wishing to succeed in this market are therefore advised to be represented at any relevant trade fairs at least three times to reassure potential buyers of continuity.

GENERAL

French consumers have a 'soft spot' for the quirkiness and wit of British creativity and the attention to quality and detail of many UK SMEs, especially in the textile, glass and ceramics and furniture sectors, where the handmade element is still a strong incentive for French buyers and consumers.

BEDG DVD 'FOLLOW THE TREND' 2011 MAISON & OBJET (supported by UKTI)

In addition to the detailed BEDG website information on M&O, interested companies can obtain a promotional film on the event, produced by the BEDG in collaboration with and supported by UKTI.

The DVD provides two short film sequences, which give an excellent first impression of the overall aspect of the fair as well as interviews with UK exhibitors, British and foreign visitors at the event and representatives of the French organisers SAFI-Salons.

The DVD also contains useful text information on the French market in general.

ORGANISERS
SAFI-Salons, France
The fair is jointly owned by the British exhibition company Reed Exhibitions and Ateliers d'Art, France - the French Crafts Council

The bi-annual event M&O is the lead international fair in the interior design sectors – projects, products, commissions and services – with regard to overall quality of exhibits, exhibitors, products and visitors.

In addition, the special feature shows organised and financed by SAFI-Salons hugely add to the beauty of the show and serve as product and artistic inspiration for exhibitors and visitors alike.

M&O accesses the most important international target audiences with a very strong emphasis also on the big French chains and the smaller but very high end retailers from the French speaking countries in Europe – Switzerland, Belgium, Luxemburg - who do not normally attend the big German fairs in Frankfurt and Cologne.

BEDG AND M&O 24th EDITION IN 2017

The BEDG has been the sole DIT / TCP - Trade Challenge Partner since 2005.
(DIT-Department for International Trade)

We completed our 12th successful year as TCP and our 24th edition of Maison & Objet in 2016, having procured more than 900 TAP grants for British and British - based SMEs (*small and medium sized enterprises*) in the creative industries to participate at the most important global event in the interiors sector.

British exhibitors can be found as part of the BEDG Contingent on the Creator Stands in NOW-Design-à-vivre in Hall 7, or as independent exhibitors in any of the 8 halls of the fair.

BRITISH DESIGN AT M&O

For the design-led British SMEs – design studios, designer/makers, product and industrial design professionals – participation at M&O also exposes them to the very important audiences of French and international architects, interior designers, specifiers and manufacturers interested in commissioning bespoke products for individual contracts, commissions and design consultancy services.

For British SMEs in classic tableware, home furnishings, home textiles, floor and wall coverings, giftware, fashion accessories and jewellery, M&O Paris has probably become the most important trade event in the world.

THE BEDG CONTINGENT IN HALL 7 NOW – DESIGN-A-VIVRE

In recognition of the very high quality of the BEDG Contingent of UK companies, SAFI-Salons have allocated 31 Creator Stands, a total of 280 square metres, to our organisation.

The Creator stands in Hall 7, Section NOW – Design-à-Vivre, are the most coveted spaces of the entire fair.

With more than 35 DIT TAP funded and unfunded exhibitors at each edition in Hall 7, and more than 40 funded and non-funded British companies in other halls, the UK represents the largest international participation at this event.

BEDG CONTINGENT 'CREATOR' STANDS HALL 7, NOW-DESIGN-A-VIVRE

The BEDG's 31 Creator Stands on 280 sq m allow the BEDG to accommodate:

20 Exhibitors @ 4.5 sq m

4.5 sq m - Length 2.25m* / Height 2.50m / Depth 2m

20 Exhibitors @ 9 sq m

9 sq m - Length 4.25m* / Height 2.50m / Depth 2m

*minus 25 cm shared cupboard width on right/left hand side

For images of these stands, participants should access the BEDG website

www.bedg.org

Maison & Objet – image gallery / recent edition

NOTE:

Most international trade fairs do NOT offer spaces as small as 4 sq m.

The BEDG therefore offers FIRST TIME and NEW TO MARKET exhibitors a unique opportunity to test the market at much lower costs than would be required for standard stand sizes at M&O.

However, in order to keep these stands the BEDG has to ensure that the quality of exhibitors and products, as well as stand presentation, are in keeping with the stringent vetting criteria and high standards of product selection and display generally expected by SAFI-Salons from the exhibitors on these stands.

The BEDG therefore has to reserve the right to select participants for this contingent and to ask individual applicants for submission of product selection and stand design PRIOR to accepting them as exhibitors on this space.

STAND DETAILS AND DIMENSIONS 'CREATOR' STANDS

Prefabricated 'Creator' Stands are supplied by SAFI-Salons with grey carpet and a 2.50m high wall system covered in white fabric.

There is NO wall partition between two adjacent stands.

A black cabinet measuring 50cm wide, 100cm deep and 100cm high, containing the electric supply box (1x3kw/3000 watts) for two adjacent stands, separates two Creator Stands. This cabinet also offers limited storage space on each side.
